

## ***the need***

It has become clear that if ELCA campus ministry is to expand, it will happen largely through the efforts of congregations that seek to develop a ministry with a local college or university.

## ***the vision***

To provide congregations with an engaging, creative and functional process for developing a ministry to and with a neighboring college or university.

## ***the project***

“On Campus for Good” is a multimedia package available at no cost to congregations:

- ten group interaction modules
- on a user-friendly learning platform
- a detailed step-by-step guide for a planning team
- an array of media resources (videos, interviews, photo stories, etc.) to accompany each module

## ***the invitation***

Come join the movement to extend the church’s ministry on college and university campuses, and to nurture and deepen the faith of young adults.
